REAL  FLAME

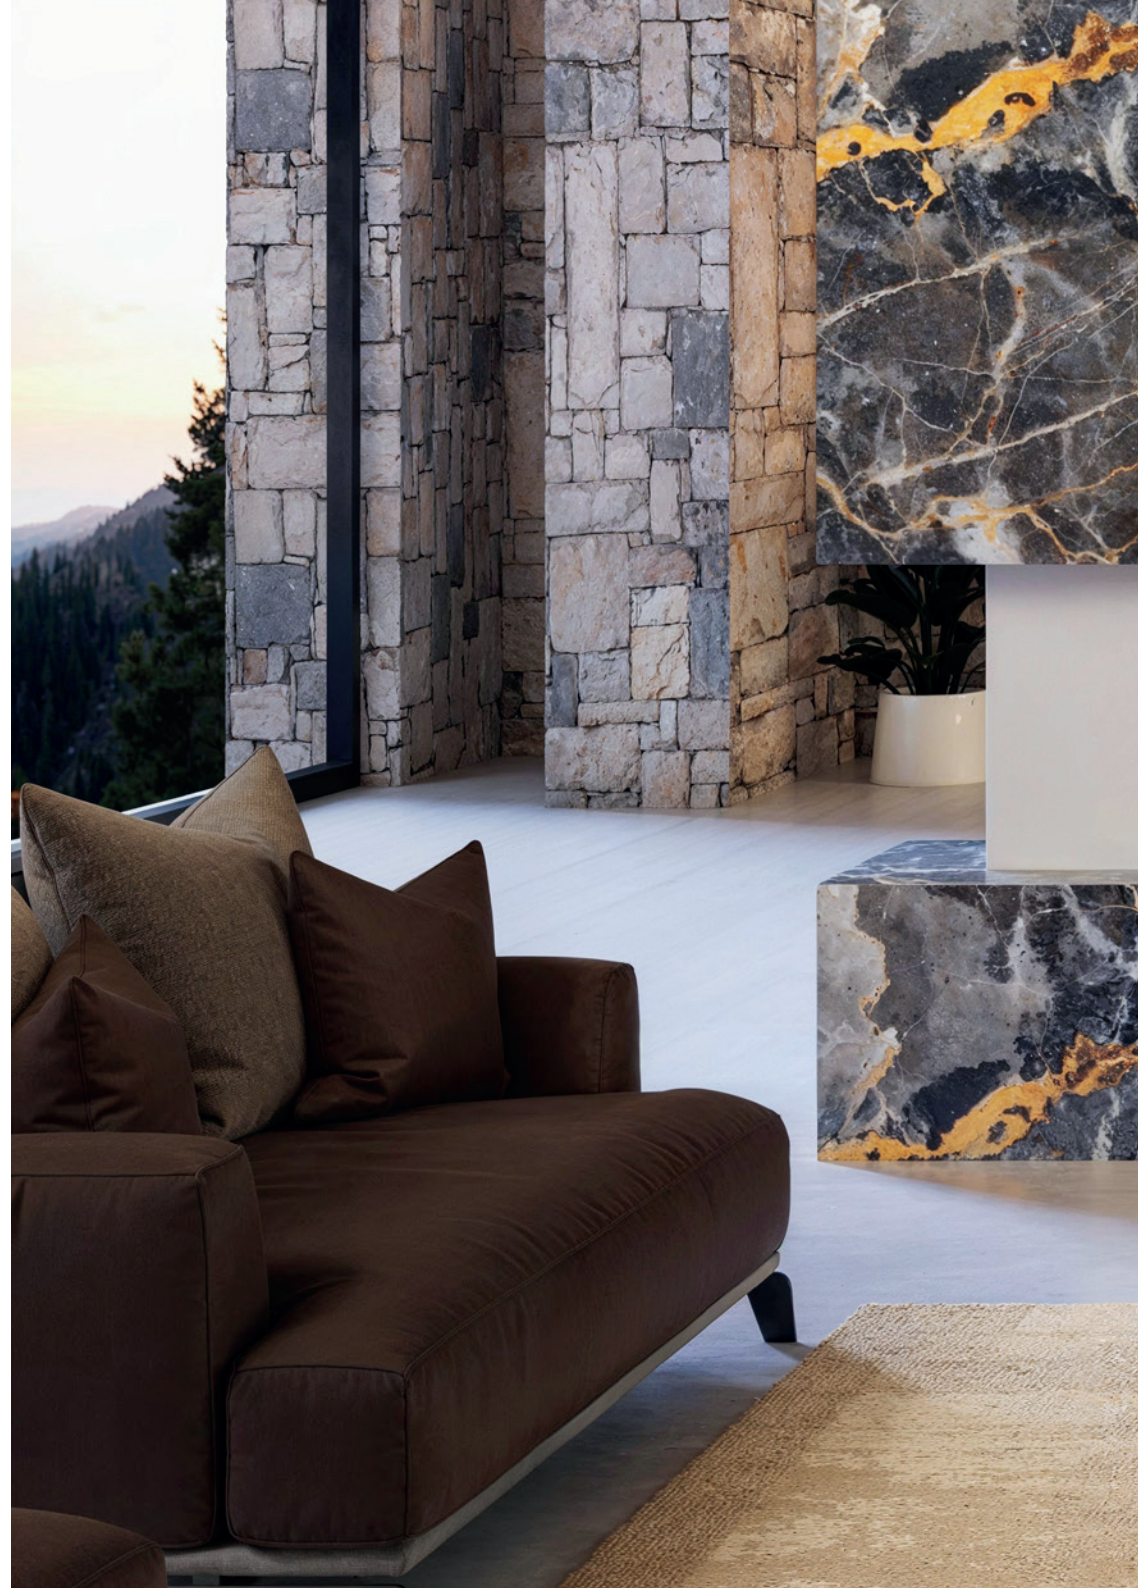

## ELEMENT 1500

The new Element1500 gas heater perfectly completes the Element range, offering the same sleek design and high efficiency you've come to expect. It operates on both Natural Gas and LPG, featuring the premium Magiglo® burner for exceptional performance. Designed for maximum efficiency, the Element 1500 boasts an impressive 4.7 star rating for combustion, ensuring both energy savings and effective heating. With the capacity to comfortably heat up to 105m<sup>2</sup>, it combines functionality with elegance to suit a variety of spaces. A perfect blend of modern design and cutting-edge technology, the Element 1500 offers a stylish solution to your home heating needs.

Element 1500 is an Australian made heater that includes media options which are inspired by a collection of native Australian woodland gatherings. The rugged and rustic alpine forest media set is an added accessory that speaks of the heritage Australian forest floor.

With its new size options and sleeker aesthetics, the Element range is designed to fit seamlessly into any space, ensuring the perfect option for every home. Choose from the following sizes to suit your heating needs: 900, 1200, 1500, and 1800. Whether you're heating a smaller room or a larger living area, the Element range delivers comfort, style, and advanced functionality in every size.

## KEY SELLING FEATURES
